

Print Apprentice

Rhian Johns

Neath Port Talbot CBC

Rhian is the only apprentice at Print & Graphics where she works with a small team of designers.

Rhian helps in the production of quality literature which promotes or compliments the Council's services. Her responsibilities include creating graphics for a range of customers, liaising with clients to discuss their needs, proofing all design elements and liaising with printers and finishers to ensure that layouts are correct.

Rhian has been involved with a number of projects at 'Print & Graphics' and shows a strong level of commitment. She works to a very high standard, meeting client briefs and ensuring a smooth production process. On top of her work, she shows commitment to her education and the further development of her skills. As a result she has ongoing client referrals and requests to work with her on numerous new projects.

Rhian is practical and likes to be hands on. Design is what she loves and she enjoys using the skills she has acquired to help people with their design needs.

"Rhian is an inspiration to all learners." Linda Wellington, Neath Port Talbot CBC

Print Apprentice Rhian from Neath Port Talbot was highly commended for her achievements during her Graphic Design Apprenticeship, at the Proskills Annual Apprenticeship Awards 2009.
